

Osborne Park office update

This is an update about our Osborne Park office.

A new team called Lifecare is moving into our building.

Who is Lifecare?

Lifecare helps people move better.

They have physiotherapists and other health workers.

Lifecare is part of the same company group as Therapy Focus.

Your therapy is not changing

Your therapy sessions will stay the same.

Same time. Same therapist. Same support.

You do not need to do anything.

Our front desk might be busier

Our front desk might be busier than before.

This is because Lifecare's customers will also be coming and going.

At peak times our parking bays may be busier.

Questions?

If you have any questions, please contact us.
